

Doctoral School SJPG

Call for international mobility projects

This call for projects covers mobility taking place **between 1 January 2021 and 30 June 2021**.
It will be **closed on 2 November 2020**.

The objective of this call for projects is to promote the international mobility of doctoral candidates from the SJPG Doctoral School. 2 types of action are eligible:

1/ Outgoing mobility:

- For whom ? It concerns doctoral students attached to the ED SJPG and enrolled in one of the 4 institutions it covers (Lille, Artois, ULCO, UVHC).

- For which scientific events? It covers occasional trips abroad, carried out as part of the doctoral research activity (colloquium, study day, seminar, conference, research stay, field survey). Example: travel to a conference abroad, provided that a paper is presented; research stay at a European university.

2/ Incoming mobility:

- For whom ? It concerns doctoral students enrolled in the ED SJPG and carrying out their thesis within the framework of a cooperation agreement between the university of the country of origin and the university of enrolment attached to the doctoral school. Example: thesis co-supervisors or partnership agreements.

All projects must be co-financed.

Eligible expenses are: transport (2nd class), accommodation on site, possible registration fees for the scientific event (e.g. membership fees for an association).

The participation of the Doctoral School may not represent more than **1/3 of the total budget** and may not exceed **800 euros**.

The laboratory's financial participation is **mandatory (1/3 of the total budget, the last third is financed by the doctoral student or by other resources)**.

The search for funding from outside the university of registration is mandatory (outside the laboratory, outside the doctoral college).

Documents to be provided :

Please note that **any incomplete or late application** will be considered inadmissible.

1/ Outgoing mobility:

- the form on p. 3-4 duly completed and signed by the doctoral student, the thesis director and the laboratory director;
- a copy of the quotations/screen shots justifying the estimated expenses (price of train/airplane tickets at the most attractive rate, price of public transport tickets on site if necessary, cost of accommodation and number of nights, participation/membership fees, etc.);
- a copy of the letter of welcome from the foreign laboratory (research stay) / letter of acceptance to the scientific event (study day, seminar, colloquium, conference...).

2/ Incoming mobility:

- the form on p. 3-4 duly completed and signed by the doctoral student, the thesis director and the laboratory director;
- a copy of the quotations/screen shots justifying the estimated expenses (price of train/airplane tickets at the most attractive rate, price of public transport tickets on site if necessary, cost of accommodation and number of nights, participation/membership fees, etc.).

For further information, please contact Clotilde Fontaine: clotilde.fontaine@univ-lille.fr

Estimated budget

The budget must be **balanced**. The expenses covered concern travel costs, accommodation costs and any registration fees for the scientific event. Any other expenses (food, photocopying, purchase of equipment) cannot be included in the budget.

Nature of expenses	Amount	Source of revenue	Amount
Total		Total	

Amount of participation requested from the doctoral school:

This participation represents% of the total estimated budget.

4) Qualitative and financial assessment

I,, PhD student, undertake to provide a qualitative and financial assessment at the end of the mission.

5) Reasoned opinion of the thesis director
